SUPPLEMENTARY INFORMATION:

On August 31, 2021, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ We received no comments from interested parties on the *Preliminary Results*. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The products covered by the *Order* include drawn stainless steel sinks. Imports of subject merchandise are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.³

Final Results of Review

We received no comments and are making no changes from the *Preliminary Results*. Therefore, as a result of this review, we continue to determine that Jiangmen New Star Hi-Tech Enterprise Ltd. (New Star) and KaiPing Dawn Plumbing Products, Inc. (KaiPing) have not established their eligibility for a separate rate and are part of the China-wide entity.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Because we determined that KaiPing and New Star were not eligible for a separate rate and are part of the China-wide entity, we will instruct CBP to apply the China-wide entity rate, an *ad valorem* assessment rate of 76.45 percent,⁴ to all entries of subject merchandise during the POR that were produced and/or exported by KaiPing and New Star.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct

⁴ The China-wide rate determined in the investigation was 76.53 percent. See *Order*. This rate was adjusted for export subsidies and estimated domestic subsidy pass through to determine the cash deposit rate (76.45 percent) collected for companies in the China-wide entity. See explanation in *Drawn Stainless Steel Sinks From the People's Republic of China: Investigation, Final Determination*, 78 FR 13019, 13025 (February 26, 2013).

CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be equal to the exporter-specific weighted-average dumping margin published of the most recently-completed segment of this proceeding; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for China-wide entity, 76.45 percent;⁵ and (3) for all exporters of subject merchandise which are not located in China and which are not eligible for a separate rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of
